Subject: Deficient Notice of Intention to Commence Small Mining Operations, Hawk Eye LLC., Multi Colored Green, S/027/0116, Millar County, Utah

Dear Mr. Jessop:

The Division has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), and the following items will need to be addressed before the NOI can be determined complete:

1. In Section I items 5 and 6 (page 3), please list the BLM under the heading name instead of Multi Colored Green and include the address of the BLM office that handles the claims.
2. In Section II item 1 (page 4), please list the county where the project is located and the quarter section, and if possible the quarter quarter section, where the project is located. If you have GPS coordinates please include those in the NOI. The Division prefers NAD 27 coordinates. Also include the name of the USGS 7.5-minute quadrangle map. The Division needs this information to determine the mine location.
3. Section II item 2 (page 4), please include two maps. The first map should be at a scale of 1 inch equals 2,000 feet, such as a USGS 7.5-minute map. Please plot the mine location on this map. The Division needs a map that shows how to get to the site from a paved road or known landmark. The second map is at a scale of about one inch equals 200 feet. The Division needs a map showing the permit boundaries and surface mine features at a scale that an inspector can use during an inspection.
4. In Section III items 2 and 3, please list the type of mineral to be mined and the amount of material to be mined each year.

Please provide your response as replacement pages to your original NOI, using Form MR-REV-SMO/EXP, available on the Division's web site at www.ogm.utah.gov
